CANDIDATE STORY

Most applications ended after round one.

Then Kami worked with Jordan. Here's what changed, in Kami's own words.

THE PROCESS

He brought me a role at Reya Labs before it was public and stayed close through all four interview rounds. Before each call, he gave me background on the company and the people I'd meet.

THE MOMENT THAT MATTERED

When I doubted myself before the technical round, he told me my work was what they were looking for. That helped more than he knows. I'm now on the team full time.
